## SAN MICHELE PROCIDA - A NEW LUXURY BOHEMIAN HOSPITALITY CONCEPT.

True and real experience, San Michele is an “uncommon luxury” bohemian hospitality concept located in the idyllic landscape of Marina Corricella on the island of Procida.

Surrounded by picturesque colored houses, craggy shorelines, and bottomless blue, the 12 rooms hotel offers private terraces with a breathtaking view of the Mediterranean sea

The story of “San Michele” begins with the idea to make a new modern hospitality concept in the Island of Procida, in a new era where happiness is the new richness, inner peace is the new success, health is the new wealth, kindness is the new cool.

Our mission is to realize a place where people can be just themselves, a space to spark conversations, create and dream together.

As the island of Procida continues its evolution seeing a clear shift from thumping beats to balance- restoring cultural gathering, the makers of San Michele launched the exclusive sea view bar and restaurant “Il Pescatore” a place to eat, drink and celebrate life.

Il Pescatore offers a sea view space that encourages people to spend time as they please.

San Michele hotel is designed for those people who seek simple pleasure like waking up and see the sea, sharing good food prepared with love and care(as “mamma” does it) and especially feeling the positive and good energy of an intimate dancing under a starry sky.

## PURE AND NATURAL

Naturally sophisticated, each detail intends to bring the outdoors inside, creating a unique and special environment.

Bohemian atmosphere, the cosy character comes from natural surfaces and earthy tones. San Michele offers a personalized experience to kick back and slow down.

The true highlights for each room are the private verandas with sunbeds and hammocks for a deep relaxation.

# IL PESCATORE RESTAURANT - BOHEMIEAN LUXE - IL PESCATORE

AS TIME PASSES WHAT REALLY ENDURE ARE THE MOMENTS THAT MOVED  
YOUR SOUL OR ALTERED YOUR MIND ...

From the Neapolitan culinary tradition, our chef brings the food market to IL PESCATORE, a food hall-inspired dining destination in the heart of Marina Corricella. Beware of the freshness of our products, we aren't afraid to say we offer sublime raw fish.

Seafood cuisine is characterized by the simple quality of our catch, oysters, shrimp, prawns, carpaccio, tuna tartare and rich cooked appetizers. Pasta dishes range from dumplings with red shrimp, cherry tomatoes and pecorino cheese to lobster "spaghetti", not to forget the "paccheri" with squid or sea bass with olive leaf and lemon. You might find more than a fried squid or grilled fish, baked turbot with potatoes or shrimp. Our steamed lobster lives up to all the finest qualities of our national fish that arrives daily from the Procida Sea directly into our kitchen.
